Optimal Experience

Childdentalcare.com is best used with the latest version of any of the primary web browsers: Chrome, Firefox, and Safari. Our site is designed to be compatible with common assistive technologies including screen readers (e.g., JAWS, NVDA, VoiceOver), speech recognition software, and alternative input devices.

Commitment

Freeman Pediatric Dentistry has taken multiple steps to ensure the accessibility of our online experiences:

- Freeman Pediatric Dentistry has retained EqualWeb.com as an independent third-party specialist to provide consultation on how to implement and improve accessibility.
- Freeman Pediatric Dentistry also engages in interval audits, web page scans, and testing by professionals with disabilities to continually assess and improve the accessibility of Childdentalcare.com.
- Freeman Pediatric Dentistry further invests in training on accessibility for our digital team to ensure our web content personnel, developers, designers, and other team members are knowledgeable and follow best practices for accessibility.
